

# serie VT

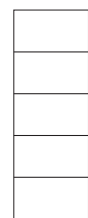

Lo exquisito esta muchas veces expresado gracias a la sencillez y la claridad de líneas. Como en estos diseños lisos en los que también se nos da la opción de dejar pasar la luz sin fisuras.

*Refinement can be with simplicity and clarity of the lines. Plain designs and clear light.*

serie  
VL/VLT

Naturalidad absoluta en esta serie de puertas en las que la madera y su dibujo son los protagonistas. El fresado en forma de V la recorre en sentido vertical o la divide en segmentos horizontales.

*This series of doors is based on basic designs but with sophistication. The main feature is the "V" grooves machined into the faces along the joint lines of the horizontal and vertical veneers. The separate boarded effect becomes very authentic and three dimensional.*

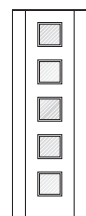

# VL N

Madera de haya vaporizada,  
fresado en V sobre  
madera oscura.

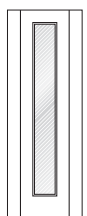

*In Steamed beech with "V"  
grooves cut through the face  
veneers into a darker  
coloured wood creating a  
really special effect.*
